

Strategic Direction

The Real Estate Development Fund contributes to achieving several strategic objectives at the level of Saudi Vision 2030 and the Vision Realization Programs.

Strategic Framework

REDF is one of the primary drivers in supporting the real estate financing market and accelerating real estate development in the Kingdom. Its role has been embodied in the implementation of ambitious plans that respond to the growing housing needs of beneficiaries. Royal Decree No. (M/47) dated 23/05/1442 marked a pivotal milestone in REDF's journey, as it included the High Approval for amending its Statutes. This enables REDF to move beyond traditional expansion towards working on the sustainability of support and active participation in real estate growth in general, and the housing sector in particular. As the Kingdom accelerates its steps toward achieving the targets of Vision 2030, REDF developed its strategy based on four main pillars that outline its future role and define its goals through precise KPIs. REDF's strategy received approval from the Board of Directors of the National Development Fund in 2025, reflecting REDF's updated objectives in alignment with Saudi Vision 2030. These pillars include: Financing and Empowering the Real Estate Sector, Private Sector Participation, Financial Resilience and Strength and Institutional Excellence and Efficiency. REDF is currently working on phased planning to implement this strategy to achieve the desired goals. The strategy includes numbers main objectives and twenty- four initiatives to improve the beneficiary experience, develop innovative financing solutions and maximise the impact of support programmes, thereby expanding the scope of benefit to include a larger segment of citizens and developers. Through this integrated strategic path, REDF looks forward to contributing effectively to raising the percentage of homeownership among citizens to 70% by 2030, while continuing to develop its operational efficiency and consolidate its financial sustainability to ensure the continuity of impact and contribution in the housing sector.

REDF Strategy includes:

Mission

Increasing the percentage of homeownership among citizens by providing innovative and financially sustainable solutions for citizens and market participants.

Vision

Empowering and enhancing the growth of the Saudi housing market by providing sustainable and innovative financial solutions for citizens and market participants.

Strategic Pillars

Financing and Empowering the Real Estate Sector

Financial Support Management

Encouraging citizens to own homes and enhancing real estate development at the target group level

Sector Engagement

Providing innovative financing solutions to meet the needs and trends of the housing market

Sector Engagement

Improving the experience of citizens, developers, and partners

Sector Engagement

Optimal utilisation of data analytics and artificial intelligence to improve financing solutions and service delivery

Private Sector Participation

Direct / Indirect Financing

Providing joint capital and increasing alternative financing

Sector Engagement

Driving and enhancing the efficiency of the housing ecosystem

Sector Engagement

Developing partnerships with international developmental housing institutions and PropTech entities

Sector Engagement

Support in empowering the research capabilities of the housing ecosystem to provide policy recommendations for the real estate financing sector

Financial Resilience and Strength

Sector Engagement

Enhancing collection operations from the legacy direct lending portfolio

Direct / Indirect Financing

Reducing operational expenses by improving cost efficiency for sector empowerment

Sector Engagement

Enhancing investment returns and maintaining the required level of net investments

Sector Engagement

Generating revenue from platform fees

Institutional Excellence and Efficiency

Sector Engagement

Strengthening the role of core functions to increase efficiency and excellence

Sector Engagement

Achieving digital transformation and adopting the latest technologies

Sector Engagement

Optimal utilisation of human capital to meet institutional needs

Sector Engagement

Enhancing governance to cover financial obligations and ensure the implementation of appropriate measures
